

## Our Commitment to Ethical & Professional Conduct in Management Consulting

**Assent Risk Management** is committed upholding the following ethical and professional conduct and best serve our clients' interests; and raise standards across the management consulting industry.

### Efficiency

We shall at-all-times act efficiently in the delivery of services by optimising personal, client & other resources to complete the work.

### Sustainability

We shall at-all-times consider and recommend sustainable solutions for its clients.

### Responsibility

We shall take responsibility to represent the interests of the management consultancy industry and the wider community.

We shall endeavour to 'give back' to the community through social responsibility schemes.

### Legal & Regulatory Compliance

We shall maintain awareness of, and comply with all laws, regulations and contractual requirements arising from the operation of our consultancy firm and the specific consultancy engagements/projects we work on.

This shall include requirements placed on them in all the territories where they provide services or where their clients may reside.

We will not cause any person or organisation to contravene any applicable law, regulation or contractual requirement during an assignment/project.

### Public Confidence

We shall always act in a way to maintain and improve the public's confidence in the management consultancy industry by conducting all activities in a manner that fosters confidence in the profession.

### Respect for the Profession

We shall exhibit conduct that reflects honourably upon, and enhances the standing of, the profession throughout the community.

### Integrity & Professionalism

We shall maintain integrity and professionalism at-all-times by:

- respecting the rights of other professionals in the industry,
- not using proprietary information or methodologies without permission,
- act fairly and reasonably to all interested parties during all assignments/projects.

### Supporting Processes

This commitment is supported our formal **conflict-of-interest, complaint, disciplinary and other processes**, which form part of group [Together Programme](#).
